Network Independent Gospel Music Community

Editor: Olusola David Ayibiowu

The Chairman of Creative Arts Solution Foundation, Mr Olusola David Ayibiowu has started a Network Independent Gospel Music Community (NIGMC) on July 4th, 2025.The network NIGMC is running under Creative Arts Solution Foundation.

Our Peers.

We are working/looking for trade association as a group of independent music companies in our territory.

Territorial Scope.

NIGMC territorial registration for eligible members are typically nationwide, but regional associations representing multiple countries are also welcome.

Our mission statement.

- To foster unity among members.
- To create programs and establish institutions which encourage the continuous education and improvement of artists and other person in their professional task. To collaborate with other independent music companies and relevant corporate Foundation and trade association to achieve set objective.
- To give instruction and training in such branches of art both home and abroad in order to foster.
- To cooperate and give access to a unique community of like-minded people who work together towards a common goal. Networking, knowledge sharing, leverage commercial opportunities, circulate benefits.

Membership Registration Fee.

Even if our goal is not to increase profits, we need to be able to run a sustainable organization. As we create income from membership dues, a monthly or annual fee members pay to access the benefits that it provides.

As an independent music member of NIGMC, you have access to a range of benefits.

- Your voice will be heard internationally.
- Access to expert knowledge and guidance on key industry issues.
- Opportunities for networking and capacity building.
- Access to industry-specific resources and information. And many more

NIGMC

Network Independent Gospel Music Community

Free Group Registration benefits.

Some other benefits are only available on NIGMC. To access other free group benefits, register/join us on LordsBook: Network Independent Gospel Music Community.

It's a network that brings together the global gospel independent music community.

We try as much as possible to connect and develop trade associations who are representing thousands of independent gospel music businesses around the world.

What we do.

We connect the global gospel independent music community.

Acting as a global coordination and support body for the independent gospel music sector, focusing on its long-term development and sustainability.

Promoting the value of independent:NIGMC promotes a wide range of ecosystem where all independents gospel artists can have equal access and opportunities.

The network (NIGMC)

It's bringing together local independent gospel music inline with trade association representing thousands of music companies and professionals worldwide.

About NIGMC

Representing the international network from Nigeria that brings together the global independent gospel music community. We connect and develop trade associations representing thousands of independent music businesses around the world, promoting a fair, transparent, and diverse music ecosystem with full market access and opportunities for all..

Target Members

Our target and eligible members to join under the terms, NIGMC.

- They must represent the interests of independent gospel music companies who are engaged in the business of creating, marketing or distributing recorded music.
- Our members are mainly record labels, sometimes distributors and/or self-releasing artists, music publisher.
- NIGMC is operating inline with trade associations who can also grant membership to other gospel music industry professionals such as songwriters, publisher, producers/engineers, managers, booking, agents, promoters, other trade bodies, retailers, tech companies. Determine which categories of businesses belong to core membership and which belong to an associate membership tier.
- Although we may allow frends, Partners and other associated memberships who offered programs by many trade associations for companies, brands and other entities interested in doing business and working closely with the independent sector, but will not be eligible for full membership.
